Subject: Question re: Warm Springs Water Treatment Plant Turbidity
Attachments: WSWTP Turbidity TT Violation.pdf

Hello Mr. Duvil,

I'm writing with a question regarding the Warm Springs Water Treatment Plant, PWS ID# 104101247.

It is my understanding that WSWTP submits monthly CFE turbidity reports to EPA, as required by the Surface Water Treatment Rule. Are these reports available to the public? I'm interested in the availability of such reports, starting with the one referenced in the attached TT violation notice letter and continuing to the present.

If there is someone else to whom I should redirect this question, please let me know. Thank you very much for your time and assistance.

Best,
